

# Why is PJ sick?

- Before we proceed with ordering labs to further diagnose PJ's immunodeficiency, watch this 5 minute video to help review the function of the immune system, then proceed with the case:

[How are B cells activated?](#) (Video 3 of 5)

# What tests would you like to order?

- [Open this form](#) to enter some tests that you would like to order. Think about what you are looking for, and what normal or abnormal results would help rule in / rule out.
- After you have finished entering your proposed tests/labs/studies, you may proceed with the case.
